Whitever one of the several Legislatures enacts about anything, is subject to being altered or changed, or totally revoked, as long as no higher authority prevents it from doing so. This higher authority in our case can only be the concurring agreement of three-fourths of all the States on the amendment, and the formal proclamation by the competent federal authority that this amendment hence is a part of the Constitution of the United States. Only by that proclamation can any further action of at which such amendment should be acted upon. It therefore seems evident, that, as long as the necessary number of Legislatures have not agreed or disagreed to it, the single have not agreed or disagreed as their resolutions having no validity at all, as far as their federal significance is concerned, they may, the same as any other joint resolution, be revoked by a subsequent Legislature.

A REWARD.—Judge Lowell, in the United
States District Court at Boston, on Monday,
awarded two thousand dollars each to John B.
Sheridan and Charles Kelley, who assisted in
the capture of the steamer Deer, in Charleston
harbor, during the rebellion. This decision
was given on the ground that though the men
did not belong to the navy, and were thus not
entitled by the prize laws to their share as
captors, still their services were sufficiently
meritorious to deserve a generous reward.
The case of the steamer Planter, which was
run out of Charleston harbor by Robert Small,
was made the precedent for the decision.

From the Rev. W. D. SEIGFRIED, Pastor of Twelfth
Baptist Church.

GENTLEMER: I have been recently laboring under the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of them tested, but without relief. Your Hoofland's German Bitters were recommended by persons who had tried them and whose favorable mention of the Bitters induced me also to try them. I must confess I had an aversion to Patent Medicines, from the "thousand and one" quack "Bitters" whose only aim seems to be to palm off sweetened and drugged liquor upon the community in a sly way; and the tendency of which. I fear, is to make many a confirmed drunkari. Upon learning that yours was really a medicinal preparation, I took it with happy effect. Its action not only upon the stomach, but upon the nervous system, was prompt and gratifying. I feel that i have derived great and permanent benefit from the use of a few bottles. Very respectfully yours.

DEAR Ser. I feel it due to your excellent preparation, Hoofiand's German Bitters, to add my testimony to the descryed reputation it has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters. I did so, and have experienced a great and unexpected relief. My health has been very maferially benefitted. I confidently recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects. Respectfully, yours, T. WINTER, Roxborough, Pa. The great political questions which are to be From Rev. J. NEWTON BROWN, D. D., editor of the Encyclopedia of Religious Knowledge and Christian Chronicle, Philadelphia. Every Democrat should take a paper, especially one that enlightens him on the questions in which he is immediately interested. The Propriecors of the HERALD intend that it shall not only fully discuss the general isstancient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others. I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am in-debted to my friend, Robert Shoemakor, exq., for the removal of this prejudice by proper tests and for encouragement to try them when suffering from great and long continued debility. The use of three bottles of these Bitters at the beginning of the present year, was followed by evident re-lief and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the UNE WWW. BOOW.
